Application No	PA/SCR/2026/752
Proposal	Full planning permission for the construction of a data centre with associated solar farm, installation of plant equipment and structures, landscaping with BNG areas, and ancillary works including plant gantry, 2 sub stations, attenuation ponds, fencing, excavation works, guard house, hardstanding areas and new internal roads.
Decision	[13 August 2026] This screening opinion is provided in response to development relating to the construction of data centre buildings with associated solar farm, including installation of external plant equipment and structures, landscaping and other associated ancillary works at the location stated above. Given the understanding of the site environment and the development proposal at the time of writing, the local planning authority considers that the development would not comprise EIA development. As such, the authority cannot ask you to undertake an Environmental Impact Assessment of the development proposed or submit an Environmental Statement with an application for planning permission.
